PROJECTS

MatchScore

📅 11/2023 - 12/2023

🔗 <https://github.com/MatchScore-TeamProject/MatchScore-TeamProject>

Project for organizing and managing tournaments and leagues.

- Technologies used: Python, Fast API, MariaDB, MySQL, JWT.

Forum

📅 10/2023 - 11/2023

🔗 Link will be provided if asked for

The app provides a series of RESTful endpoints as defined by the Open API Specification (OAS) 3.1.

- User Authentication: Secure sign up and login functionality.
- Real-time Messaging: Users can engage in real-time conversations.
- Technologies used: Python, Fast API, MariaDB, MySQL.

Logistics App

📅 07/2023 - 08/2023

🔗 Link will be provided if asked for

The application will be used by employees of a large Australian company aiming to expand its activities to the freight industry.

- Helped build the automatic creating of the instances of the trucks so there is no need to create 45 trucks by hand.
- automatic creation of the fastest route between different destinations.
- Technologies used: Python.

EDUCATION

Alpha Python Track

Telerik Academy

📅 06/2023 - 12/2023

Computer Engineering and Technology

Vocational School "Velizar Peev"

📅 09/2018 - 05/2023 📍 Svoge, Bulgaria

MY STRENGTHS

★ Teamwork

I developed good teamwork skills during the projects. Working with a team of 3 was really enjoying. Although challenging sometimes.

★ Quick learner in fast-paced environments

Ability to rapidly acquire new skills and adapt to the dynamic, fast-paced settings of the Telerik Academy. I am good at absorbing new information quickly, which enabled me to successfully complete the projects I had.

TECHNOLOGIES

Python

Fast API

MariaDB

MySQL

JavaScript

HTML

CSS

EXPERIENCE

Telerik Academy

Building projects in a fast-paced environment as a team:

- Communicated project updates, challenges, and solutions during team meetings and stand-ups, fostering a collaborative and productive work environment.
- Utilized Fast API to contribute to the development of innovative solutions and applications.
- Demonstrated strong teamwork, communication, and adaptability skills while working in a dynamic learning environment.

HOBBIES

🏋️ Working out

I love going to the gym and I do it about 5 or 6 times a week. It helps me relieve stress and clears my mind.

📍 Travelling

I enjoy travelling and going to new places. Likewise, I try to go out every weekend or so.

❤️ Cooking

I love to cook when I can. It is not something that I am great at, but I do enjoy it and try to improve and try out new recipes.
